Dear Felix:

Thank you so much for the collection of newspapers highlighting Mark McGwire's home run chase. "The Magic of 70 -98" is a very impressive collection. You have obviously spent much time putting this together in such a way as to preserve these memorable papers.

I very much appreciated you thinking of me. I'm certain that you will find a market for these with charity auctions. Best of luck to you and thanks again.

Sincerely,

Whitey Herzog
